

Information about authors:

Ammar Wisam Altaher - PhD Student in the Department of programming technologies, Kazan federal university

Borzov Sergey Mihaylovich – Candidate of Technical Science, head of laboratory, Institute of Automation and Electrometry, Novosibirsk

Chernykh Igor Gennadievich – Ph.D., Institute of Computational Mathematics and Mathematical Geophysics of Siberian Branch of Russian Academy of Sciences, head of laboratory

Glinskikh Viacheslav Nikolaevich – Doctor in Physics and Mathematics, Head of Laboratory Trofimuk Institute of Petroleum Geology and Geophysics of Siberian Branch of Russian Academy of Sciences (IPGG SB RAS), Novosibirsk, Associate professor, Novosibirsk State University

Guryanov Mark Aleksandrovich – Master student of Information Technologies Faculty, Novosibirsk State University, software engineer, Institute of Automation and Electrometry, Novosibirsk

Kuzmin Vladimir Ruslanovitch – Postgraduate student, Information Technologies Laboratory at Melentiev Energy Systems Institute SB RAS

Malykh Alexander Evgenievich – Master student of Information Technologies Faculty, Novosibirsk State University, developer Ltd. UNIPRO

Massel Liudmila Vasilevna – Doctor of Technical Sciences, Professor, Head of Information Technologies Laboratory at Melentiev Energy Systems Institute SB RAS

Nechaev Oleg Valentinovich – Ph.D., senior researcher Trofimuk Institute of Petroleum Geology and Geophysics of Siberian Branch of Russian Academy of Sciences (IPGG SB RAS), Novosibirsk

Nefedov Dmitry Vladimirovich – Master student of Information Technologies Faculty, Novosibirsk State University, software engineer, Institute of Automation and Electrometry of the Siberian Branch of the Russian Academy of Sciences

Perezhogin Aleksey Lyvovich – Ph.D., associate professor, Novosibirsk State University, senior researcher, Sobolev Institute of Mathematics of Russian Academy of Science

Romanenko Alexey Anatoljevich – Ph.D., Information Technologies Faculty, Novosibirsk State University, head of department

Rozov Andrey Sergeevich – Junior researcher, Institute of Automation and Electrometry of the Siberian Branch of the Russian Academy of Sciences (Novosibirsk), assistant Professor at Computer Technologies Department at the Faculty of Information Technologies Novosibirsk State University

Shulunova Angelika Arsentievna – Senior Lecturer, Siberian State Aerospace University, Krasnoyarsk

Snytnikov Alexey Vladimirovich – Ph.D., Institute of Computational Mathematics and Mathematical Geophysics of Siberian Branch of Russian Academy of Sciences, senior researcher

Zuenko Evgeniy Aleksandrovich – PhD Student, University of Innsbruck, Innsbruck, Austria

Zyubin Vladimir Evgenievich – Doctor of Technical Sciences, leading researcher, Institute of Automation and Electrometry of the Siberian Branch of the Russian Academy of Sciences, Head of the Computer Technologies Department at the Faculty of Information Technologies, Professor, Novosibirsk State University
